A World Under Surveillance

Set in a near-future dominated by data, Nexus Industries is a tech utopia on the surface and a dystopian syndicate underneath. From sterilized boardrooms to shadowy data tunnels, the world of Echoes explores the hidden layers of modern control.

Nexus Tower

Gleaming glass and steel. Pristine technology. Artificial intelligence that anticipates your every need. The pinnacle of human achievement—or so they want you to believe.

Maya's Hideout

Raw concrete and exposed wiring. Salvaged tech. Decentralized networks beyond corporate control. The last refuge of true freedom in a world of digital chains.

THE FIRM

The Firm

Corporate conspiracy with a personal twist

Key Characters

Alex Chen (35)

Corporate security expert

Methodical, loyal, broken by the past. A former idealist now trapped in a system he's beginning to question.

Maya Torres (32)

Hacker, ghost, warrior

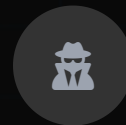

Burned by betrayal, fueled by justice. Once believed dead, now returned with dangerous knowledge.

Serena Vance (48)

CEO of Nexus

Visionary on the surface, tyrant underneath. Believes control is necessary for progress.

David Harrison (42)

Mentor turned traitor

Calm, calculating, eyes full of regret. Believes order is salvation at any cost.

Thematic Core

-  **The corruption of idealism** — How noble intentions become twisted when power and control are prioritized over human freedom.
-  **The weaponization of data** — When surveillance becomes a tool of oppression rather than protection.
-  **Whether redemption is possible** — When the system is built to erase you and your identity becomes defined by your digital footprint.

What happens when the guardians become the oppressors?

Signature Set Pieces

Maya's Return

The ghost becomes real. A presumed-dead hacker emerges from the shadows, bringing warnings of conspiracy and betrayal to her former partner.

Infiltrating Nexus

Brains over bullets. A high-stakes infiltration of the corporate fortress, using technical ingenuity rather than brute force.

David's Betrayal

Loyalty is a weapon. The mentor's true allegiance is revealed in a devastating confrontation that changes everything.

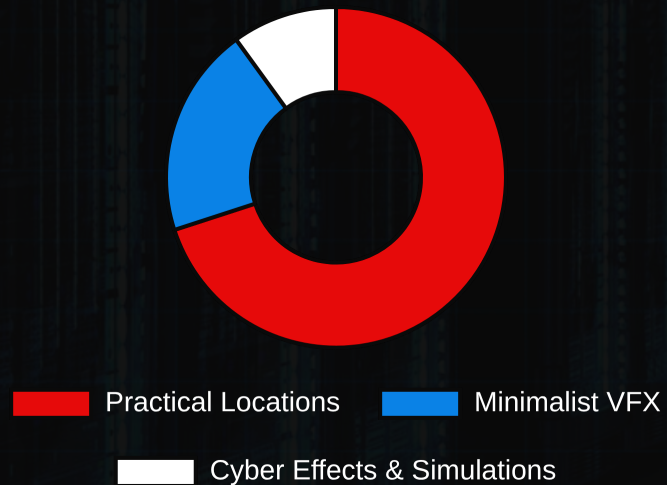

Final Assault

Dual sabotage inside and out. A synchronized attack on Nexus from both physical and digital fronts in a race against time.
