

THE FEED

"The system isn't broken. It's watching."

LOGLINE

A brilliant Black tech entrepreneur moves into an exclusive smart-home community, only to discover its AI-powered surveillance system is designed to profile and punish him. He must turn the system on itself, or be erased by it.

THE HOOK

- A social thriller for the surveillance age.
- Get Out meets Black Mirror, with the emotional heartbeat of Greenleaf.
- Built for audiences craving edge, commentary, and catharsis.

WHY NOW?

As smart tech becomes standard and AI biases come to light, The Feed dramatizes what many fear: being watched, judged, and controlled in your own home.
