Daniel Brooks

Romantic Lead

Laid-back

Soulful

Skeptical

Daniel represents the grounded contrast to Ava's digital life. As a record store owner, he values authenticity and connection in a way that challenges Ava's algorithm-driven world. He's never quite let go of their past heartbreak, but maintains a warm, inviting presence that draws people in.

"Some things you can't reduce to data points. Sometimes you just have to listen to the whole album."

Plot Summary

ACT 1

Ava's dating app goes viral. When her ex Daniel appears as a "95% match," her friends dare her to try again. She agrees — for PR and pride.

ACT 3

Ava must choose between protecting her brand and following her heart. A public pitch goes wrong. But in the final beat, she makes her way back to Daniel — this time, with honesty.
