

Queen of Thorns

Film Treatment | Action-Thriller | Written by NCCA Entertainment

Logline

Framed for a global catastrophe by her closest confidant, a ruthless arms dealer must dismantle the empire she unknowingly built on lies and a devastating superweapon to clear her name and confront the monstrous truth of her past.

High Concept

Anya 'Thorn' Petrova, a brilliant and brutal arms dealer, discovers that her lover and business partner Julian Vance has betrayed her. He frames her for the use of Project Chimera — a self-replicating bioweapon built on research she once pioneered. The betrayal sends her on a global chase to uncover the truth, neutralize the threat, and burn down the empire she helped build.

Key Characters

Anya 'Thorn' Petrova

Mid-30s. Tactical, brilliant, and emotionally guarded. Former biotech visionary turned feared arms dealer. Haunted by the misuse of her research and driven by a brutal code of accountability.

Julian Vance

Late 30s/early 40s. Sophisticated, seductive, and ideological. A former partner and lover, now architect of a global reset through bioweapon terrorism. He believes the world must be torn down to be rebuilt.

Elise Navarro

Late 20s. Ex-NSA cryptologist and skilled hacker. Initially skeptical of Anya but becomes a crucial ally in decoding the hidden ledger and bringing down the auction of death.

Lucien Graal

Early 40s. Anya's stoic head of security. Compromised by Julian and torn by guilt, his betrayal hits Anya the hardest. His arc highlights the human cost of systemic corruption.

Three-Act Structure

Act I – Deception & Descent

Anya is betrayed by Julian and framed for a bioterror attack. On the run, she uncovers a hidden ledger exposing her unwitting role in funding global atrocities. She swears to burn it all down.

Act II – Expose & Destroy

With help from Elise and reluctant CIA ally Grace Holloway, Anya prepares to infiltrate the Ragnarok Gala where Chimera is to be auctioned. The emotional and physical cost deepens as allies fall and secrets unravel.

Act III – Legacy & Ashes

Anya kills Julian, stops the sale of Chimera, and releases the truth to the world. She fakes her death and becomes a global legend, dismantling the arms trade from the shadows.

Visual Style

Moody, cinematic, and brutal. Think Sicario meets Atomic Blonde with the globe-trotting espionage of Skyfall. Landscapes range from scorched warzones to decadent arms galas. The tone is grounded but operatic, with sharp choreography and emotional intensity.
