

EXPOSED

INVESTIGATIVE DOCUMENTARY / DOCU-REALITY | 1-HOUR ANTHOLOGY EPISODES

Justice isn't always violent. But it's always personal.

Survivors of non-violent but life-altering crimes (fraud, digital abuse, workplace sabotage, institutional betrayal) fight for answers and closure by confronting the people who harmed them. Each episode unfolds as an emotional investigation and a reckoning.

SERIES OVERVIEW

EXPOSED spotlights the quiet but devastating crimes that rarely make headlines yet reshape entire lives. Every episode follows one survivor's journey from trauma to truth, blending investigation, emotional storytelling, digital receipts, and real confrontations. It's equal parts justice, catharsis, and accountability.
