REFRACTIONS

Sci-Fi Thriller | One-Hour Serialized Drama

LOGLINE

When the world's first human clone escapes a secret biotech program, she discovers others like her, each fatally linked to their unsuspecting "prime." As bodies fall, she must expose the conspiracy that created her before time runs out.

THE HOOK

- 🔒 Fatal link mechanic. If the prime dies, the clone dies.
- ❤️ Dual-role performances offer prestige awards potential.
- ⏳ High-concept conspiracy with emotional depth.
- 🔷 Identity vs autonomy theme taps modern zeitgeist.

SERIES SUMMARY

Refractions follows Alexis Grant, a clone who escapes a biotech lab and collides with her "prime," Laura, a brilliant surgeon unaware her DNA was replicated. She uncovers a hidden network of clones living in fear and a deadly truth: primes and clones share an unbreakable fatal bond. Hunted by a corporate fixer known as The Warden, Alexis must choose between claiming a stolen identity or exposing the conspiracy that created her. Each season expands the mythology through shifting alliances, mirror lives, and escalating global stakes.

CHARACTERS

Alexis Grant / Laura Grant: Clone and prime; two women living one fate.

The Warden: Cold corporate hunter whose obsession blurs duty and desire.
