THE LAST DYNASTY

Real-Time Musical Dynasty Thriller · Feature Film · 120 min

One night. One throne. No second takes.

LOGLINE

On the night of a legendary music mogul's final party, his estranged daughter returns to claim the fortune he promised would save her life. When he turns up dead and the mansion goes into lockdown, she must solve his murder, survive his enemies, and unlock a new kind of legacy before sunrise.

THE PITCH

The entire film unfolds in real time over six chaotic hours inside Crown Hall, the empire of King Carter, an iconic but corrupt music titan. His daughter Jasmine arrives needing $10M for life-saving gene therapy. Instead she gets a murder, a lockdown, a burning wing of the mansion, and a room full of enemies, each with motive, secrets, and a piece of her father's shattered legacy.

Knives Out energy, Gatsby decadence, and Empire-style music politics.

SYNOPSIS
