

A PSYCHOLOGICAL THRILLER

THE OTHER MRS. JAMESON

THE OTHER MRS. JAMESON

A Psychological Thriller Where Love is the Lie and Survival is the Only Truth

LOGLINE

A successful Atlanta PR executive's picture-perfect new marriage shatters when a stunning stranger appears with a marriage certificate, claiming to be her husband's *real* wife. Forced into a dangerous game of truth, the newlywed must expose her charming husband's web of deceit before she becomes his final, silent victim.

THE STORY

Ayana Jameson has finally found her happily ever after. Six months into her marriage to the charming **Dorian Jameson**, she's living the dream in Atlanta's elite Cascade Heights, until **Nia Thorne** appears at her door with a marriage certificate, wedding photos, and a chilling claim: *she's* Mrs. Jameson.

Dorian swears Nia is his unstable ex. Nia swears Dorian is a con artist. Ayana doesn't know who to trust, until Nia vanishes without a trace.

As anonymous threats escalate and her husband's charm curdles into control, Ayana discovers a trail of women Dorian has systematically destroyed: emotionally, financially, and psychologically. She's not the first. She just might be the last.

Trapped in a marriage that's become a cage, Ayana does what she does best: she manages the narrative. Partnering with Dorian's previous victims, including Nia, who's been orchestrating her own takedown, Ayana stages a live-streamed confrontation that exposes Dorian's crimes to thousands of viewers in real time.

She doesn't just escape. She takes back her power, her name, and her story.
