

JUST JACK

Genre: Family Comedy / Mystery-Adventure

Format: Half-Hour Live-Action Series

Tone: The Goldbergs meets Spy Kids with the theatrical chaos of Victorious

LOGLINE

After his military father is deployed, 14-year-old drama king Jacques “Just Jack” Roberts is sent to live with his ex-spy uncle in a rundown family theater, where panic rooms, hidden clues, and nonstop chaos turn his new life into the biggest role he’s ever had to play.

SERIES PREMISE

Just Jack follows a high-energy teen dropped into the world's most dysfunctional family theater. Jack's new guardian, Terrence Devoreaux, is a retired government agent whose solution to every problem is surveillance, protocol, or a panic room. Jack's cousin Cammie wants nothing to do with him, and sweet-but-awkward neighbor Abraham becomes his unlikely partner in crime.

Between school drama, ancient theater secrets, and the mystery surrounding Jack's father's last mission, the trio discovers that the old building might be hiding more than dusty costumes. With each episode blending comedy, heart, and a light serialized mystery, Just Jack is a fresh take on family, identity, and learning to trust the people who drive you crazy.

WHY IT WORKS

- Cross-generational appeal: Smart enough for adults, fun enough for kids.
 - High-concept comedy: Spy rules + theatrical chaos = endlessly funny scenarios.
 - Built-in worldbuilding: The old theater is a character in itself, with new rooms, secrets, and hijinks each episode.
 - Emotional core: At its heart, a story about blended family, belonging, and second chances.
 - Franchise potential: Music, live events, social media integrations, and mystery arcs keep engagement high.
-

TARGET AUDIENCE

Families, kids 8-14, Gen Z, and parents who appreciate nostalgic, heart-driven comedy with modern flair.

SEASON ONE OVERVIEW

Across 10 episodes, Jack adjusts to his chaotic new home, uncovers hidden clues left behind by his father, revives the spirit of the theater with Cammie and Abraham, and tangles with Terrence's outdated spy instincts. By season's end, the family and the theater will never be the same.

THE ASK

We are seeking producing partners who want to launch a fresh, heartfelt comedy franchise with broad streaming appeal and long-tail potential in youth and family markets. Just Jack offers humor, mystery, diversity, and the kind of emotional truth that keeps families watching together.
