

DIGITAL SHADOWS

"Where viral fame meets real-world horror."

SERIES OVERVIEW

 New follower request

Digital Shadows is a true crime docuseries that exposes how social media fame, viral trends, and online obsession lead to real-world tragedies. Each episode investigates a case where digital interactions had deadly consequences.

FORMAT

10 x 45 min episodes
 Someone replied to your story

TONE

Gritty, haunting, emotionally raw

STYLE

Hybrid documentary (archival, reenactment, stylized overlays)

WHY IT WORKS

Timely

Addresses digital culture's dark consequences

Bingeable

Standalone episodes with thematic cohesion

Interactive

Challenges viewers to reflect on their own online behavior

Unique Visual Style

Neon-lit interviews, screen-glow reenactments

AUDIENCE ENGAGEMENT FACTORS

1.2K people liked your post

NARRATIVE STRUCTURE

Each episode follows a consistent narrative arc that builds tension and reveals the digital-to-physical consequences

VISUAL STYLE

On-Screen Comments & Texts

Appear as floating overlays, creating a layer of digital context

Glitchy Reenactments

Stylized to reflect digital distortion and the fragmented nature of online memory

Moody Interviews

Shot in screen-lit, neon-saturated spaces that highlight emotional intensity

Score

Dark electronic tones mixed with notification sounds, creating digital anxiety

SAMPLE EPISODE

"The Hashtag That Killed"

A 17-year-old TikTok stunt star dies during a rooftop livestream. Did the platform's algorithm encourage his risky behavior?

KEY INTERVIEWS

-  Mother
-  TikTok moderator
-  Digital ethicist

Final TikTok caption: **"YOLO. Let's get it."**

 "Do it for the views!"

CLIMAX

Intercut livestream & security cam footage of fatal stunt. As viewers' comments flood in demanding more danger, the teenager attempts a handstand on the ledge.
